UNIXPORN SURVEY 2016

Welcome to the 2016 /r/unixporn survey!Sorry for it being late this year: had some personal stuff going on which got in the way. Here we try to get an overall picture of what people who use the sub use on their computers, as well as some feedback on how we can make the sub better.
*Required

1. Are you ready to do the survey? *

   Mark only one oval.

   ◯ HELL YES

User Demography	Given that there's about 45,000 of you now, we want to get to know you all a little better. All survey responses can be anonymous, though there's the option at the end to enter your Reddit username and be entered into a prize draw for some Reddit Gold. For that reason questions in the following section are all optional.
